Session Objectives

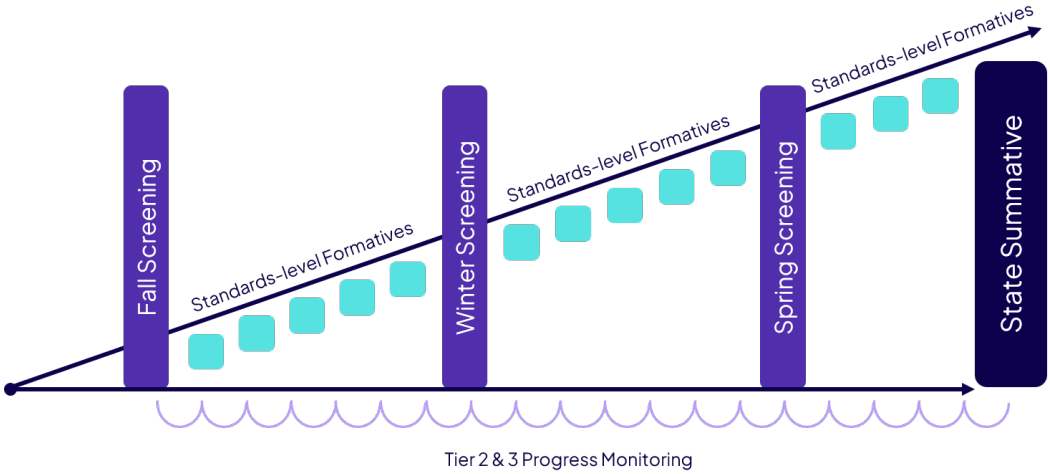

- Understand Navvy+ as a comprehensive formative assessment system
- Utilize Navvy+ Competency and Practice Checks
- Become familiar with essential Navvy+ reports and resources

Opening reflection

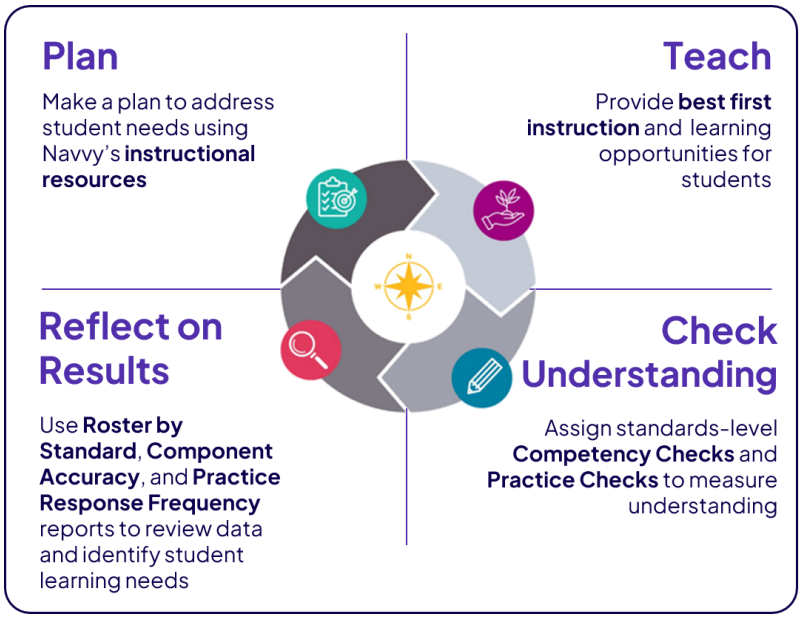

What are you hoping to learn or clarify during today's session?

What is Navvy+?

Balanced assessment system

Navvy+'s Theory of Action

- If it isn't **timely**, we can't use it.
- If it isn't **accurate,** it could misguide our next steps.
- If it isn't **specific,** we can't act on it.

Password: Pe@rson24

Activity: Treasure hunt

1. Log in to a training account.
2. Find the Standard and Components for Grade 5 Math: Fractions. *Hint: Standards Directory*
3. Identify Standard EE.1 Facilitated Activity. *Hint: Learning Library*
4. Locate the Navvy Overview Video. *Hint: Support Hub*

Activity Notes Use the space below for any notes during the activity.

Navvy+ Assessment Design

Depth of Knowledge (DOK)

Level	DOK Characteristics
DOK 1	Recollection, recall or identification of a fact, term, principle or concept. It's a "just right there" answer most often.
DOK 2	Involves skills and concepts that require students to engage in some mental processing beyond recall, such as applying concepts, making decisions, or organizing information.
DOK 3	Necessitates reasoning or strategic thinking to answer complex questions, often involving abstract thinking and background knowledge.

Quick Check

Question	Answer
What is a Standard Component in Navvy+?	
What is a Navvy+ Blueprint?	
What is a DOK?	

Check understanding

Competency Checks

- Diagnose standard-level competency
- Up to 3 opportunities to show competency
- Pre-built; 6-8 items
- Secure, valid, & reliable
- On-grade-level standards, one standard at a time
- ELA Grades 2+
- Math Grades K+
- Science and Social Studies Grades 3+

Practice Checks

- Build your own Checks provide flexible, targeted learning support
- Unlimited retakes and review
- Non-secure questions
- On- or off-grade-level standards; one or many standards at a time
- ELA and Math Grades K+
- Science Grades 2+
- Social Studies Grades 3+

SmartSets

SmartSets use data in Navvy+ to personalize each practice set to an individual student's learning needs.

Three types of SmartSets:

- **Explore:** Extend learning by focusing on a standard not yet attempted for competency
- **Develop:** Build understanding of an attempted standard where competency hasn't been reached yet
- **Strengthen:** Reinforce understanding of a standard where competency has been acheived

Three ways to deliver:

- **Pathways:** A continuously refreshed and prioritized sequence of focus standards that offers **always-on,** personalized practice for each student
- **Targeted:** Teacher assigns the same standard to a group, but each student receives a personalized set of items
- **Autonomous:** Student selects a standard from their Progress page or Learning Map to launch a personalized set of items

Additional Notes Use the space below for any added notes.

Activity: Assign a Check, SmartSets

1. Log in to the Navvy+ sandbox account.
2. Assign a Practice Check or a Competency Check to one class.
3. Notice the configurations available for each and consider use cases.
4. (Optional) Assign a SmartSet and configure for a group of students.

Practice Check use cases

Competency Check use cases:

Activity Notes Use the space below for any notes during the activity.

Discussion: How could you use Competency and Practice Checks in your practice?

Results & reports

Available class reports

There are multiple class reports available. Three reports are highlighted below:

- **Roster by Standard:** See up-to-date learning profiles for your class and students.
- **Component Accuracy:** Compare class performance on individual components within a Competency Check.
- **Practice Response Frequency:** See student response frequency on individual items within a Practice Check.

Available student reports

- **Student Progress:** See a student's progress in learning standards throughout the school year.
- **Learning Map:** Map a student's learning journey across all grade levels, with a competency status for each standard in the subject.

Learning Library

This is where you can find resources for planning for students who need additional support. Find Standard Starters and quality, aligned, and targeted instructional interventions.

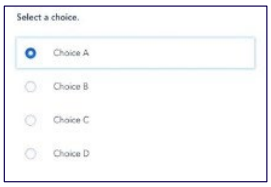

Additional Notes Use the space below for any added notes.

Student experience

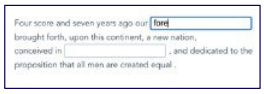

Students have access to a dashboard titled “My Checks” where all Competency and Practice Checks will appear across subjects.
