

## Spotlight Reports for BIE ELA & Math Summative Assessments

Starting with the Spring 2022 BIE Summative test administration, links to individualized Spotlight video reports were provided on student ISRs. These videos provide insights into the data presented on the ISR specific to each student and are designed to provide opportunity to increase engagement between families, educators, and students, providing an equitable and understandable medium to relay individualized insights within assessment performance. The videos also enable the communication of key messages through easy-to-understand language and engaging animation to illustrate performance and growth. Spotlight videos are accessible via a QR code provided on the printed report & PDF.

Scannable QR code is at the top of the ISR. Using a smartphone camera or QR scanning app will take you to your child's individual Spotlight report video.
